

Peachtree by Sage Quantum 2009: Unrivalled Performance

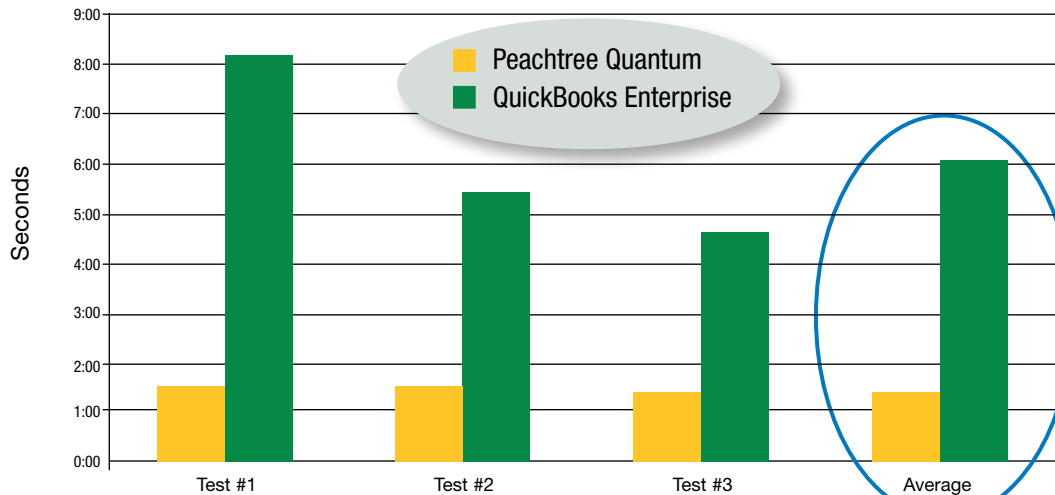

Peachtree by Sage - Quantum 2009 is the most comprehensive accounting solution in the Peachtree line providing superior performance and now offering solutions for 10, 15, 20, or 30 licensed, named users¹.

With the release of Peachtree Quantum 2009, we are introducing a new, proprietary technology called SmartPosting, which yields increased performance in saving transactions and allows increased efficiency for more users.

Advantages of Peachtree Quantum 2009 over QuickBooks® Enterprise 2008

The SmartPosting technology within Peachtree Quantum allows the individual workstations to be freed up in a multi-user environment, by moving certain activities to the server. This allows users to quickly move between various tasks, allowing for overall better product performance and efficiency. QuickBooks Enterprise 2008 does not have SmartPosting technology, and the head-to-head performance testing shows the advantages this technology brings to Peachtree Quantum:

Peachtree Quantum is 4 times faster than QuickBooks Enterprise!²

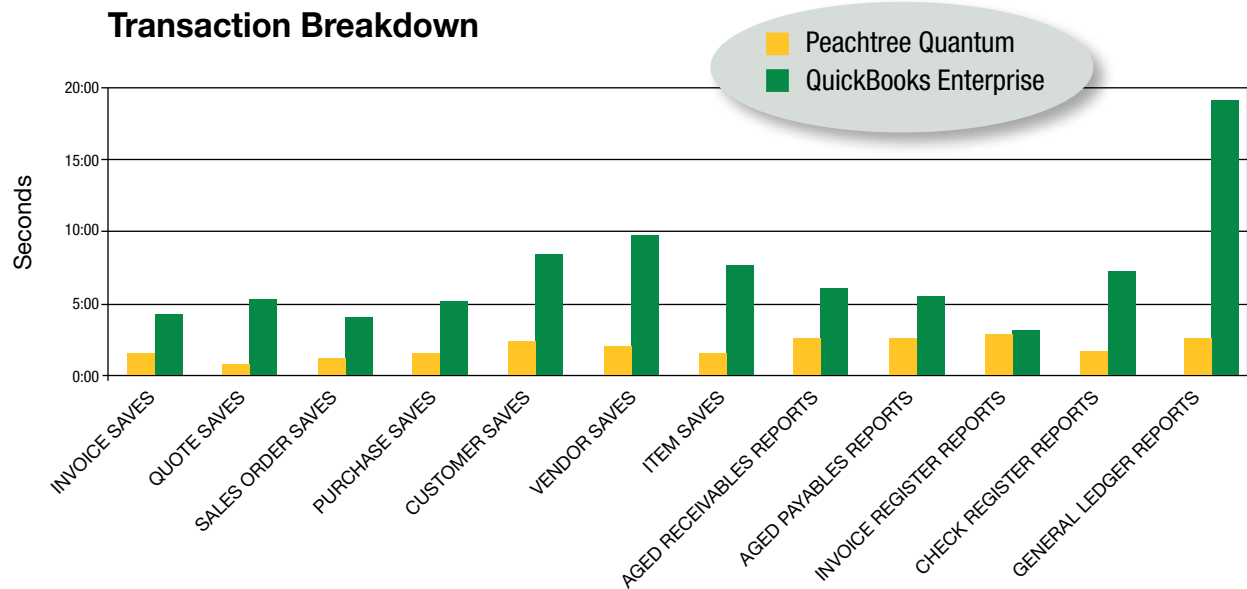

TEST BREAKDOWN

Test	Num of Trans	3 Run Average QuickBooks Enterprise	3 Run Average Quantum	% Difference
TRANSACTION SAVES / REPORT TIMES				
Invoice Saves	260	5.27	1.27	-76%
Quote Saves	60	5.42	0.92	-83%
Sales Order Saves	60	3.32	1.13	-66%
Purchase Saves	60	5.76	1.40	-76%
Customer Saves	20	5.17	2.35	-55%
Vendor Saves	20	12.30	2.04	-83%
Item Saves	20	4.98	1.30	-74%
Aged Receivables Reports	20	6.13	2.68	-56%
Aged Payables Reports	20	4.76	2.41	-49%
Invoice Register Reports	20	2.88	2.82	-2%
Check Register Reports	20	11.53	1.73	-85%
General Ledger Reports	20	22.43	2.53	-89%
AVERAGE FOR ALL		6.07	1.49	-75%

A breakdown of performance times based on an average of the test conducted.

Please visit www.peachtreequantum.com/qbetest09 for details.

In every area of the testing criteria, Peachtree Quantum out-performed QuickBooks Enterprise. Save times are faster in most-used areas such as invoices, sales orders, purchase orders, general ledger, aged payables and more!

Q & A

Q: How does the performance of Peachtree Quantum 2009 compare to Peachtree Premium Accounting?

A:

- Experience up to 90% faster save times³, providing multi-user work efficiency and allowing up to twice as much work to be completed. Save times are faster in most-used areas such as invoices, quotes, sales orders, receipts, purchase orders, payments and more!
- Peachtree Quantum is designed to handle more transactions with more users, even greater performance improvements should be experienced in these environments.
- Those upgrading from older Peachtree versions should experience even greater performance gains when moving to Peachtree Quantum 2009.
- Up to 50% faster look up lists and searches³
- Provides access to nearly all reports in less than 1 second³.

Q: What is SmartPosting?

A: Peachtree Quantum SmartPosting is a Windows service that manages the posting of transactions independently of the client workstation. The SmartPosting process continually cycles through the databases looking for items to post, so that the user can continue to add and save transactions without having to wait for the posting to finish. The SmartPosting Manager monitors the state of the service running in the background should an error or problem occur. The status is displayed on the Navigation Bar under the Shortcuts menu and in the Company Information section of the Company Navigation Center.

Q: How do I know if there is an error with SmartPosting?

A: The SmartPosting Manager monitors the state of the service running in the background. The Manager can be opened by selecting File; SmartPosting Manager. The service will stop during single-user access processing such as changing the accounting period, year end close, backup, purge, etc. The service will automatically restart when the process has finished. Also, a log file, SmartPosting Service.log, is located in the Peachtree program directory, logging any errors that may be experienced by the service.

Earn 20% for each sale of Peachtree Quantum 2009!

Offer your clients who are not currently using Peachtree Quantum 2009 all of its speed, power, and benefits – plus, they'll save 5% off the suggested retail price⁴ and you could receive 20% of the sale...it's a Win-Win for you and your clients!
